

BARYTA PHOTOGRAPHIQUE

310 g/m²

Baryta Photographique is a true Baryta paper developed for inkjet technology. It consists of an alpha-cellulose, acid-free pure white paper with the same barium sulphate coating as for traditional silver halide and a premium inkjet colour receiver layer.

Baryta Photographique offers the look and aesthetic of the original darkroom baryta print and complies with the ISO 9706 standard for maximum longevity.

This museum grade photo paper shows excellent black density and great image sharpness, making it ideal for black and white photography.

Product Features and Benefits

- Optimised for pigmented inks
- Dries instantly
- Water-resistant
- Respects the ISO 9706 standard to guarantee maximum conservation of your prints:
 - Internally buffered to resist gas fading and maximise the conservation of your prints
 - Acid-free paper to avoid paper degradation
